

Sixteen year old Marian Danforth, an East Jordan high school junior will represent East Jordan as its queen for 1954.

Marian was selected from a group of 13 girls on the stage of the Temple theatre by judges from Traverse City, Boyne City and Charlevoix.

Advertising chairman for the East Jordan Businessmen's Association Minnie DesJardins said Miss Danforth is sponsored by the merchant group and will enter the Kalkaska National Trout Festival Queen contest Friday night, April 23rd.

Judges picking Miss Danforth were Mrs. Ralph Hess, of Charlevoix; Harold Lees, of Boyne City; and William Blanchard, of Traverse City.

The queen was crowned by East Jordan's mayor Chris Taylor who named her "Queen of the Jordan."

She was picked from the following group of high school girls: Karleen Larson, Bethany Whiteford, Sharron Brock, Rose Marie Lehrbass, Pat Barnett, Marie Neilson, Kay Hayes, Loraine Hughey, Kathleen Kortanek, Pat Gilpin, Ruth Ann Crowell and Genevieve Palmiter.

The previous queen sponsored by the former East Jordan Chamber of Commerce was Glenda Maxwell in 1951. She was named one of the top four girls in the contest at the Traverse City Cherry Festival and was in the queen's court. The merchant's association plan to enter Miss Danforth in the Traverse City festival this summer.

A "judges' dinner" at the American Legion hall preceded the queen contest at the theater last week. The 13 contestants were introduced to the judges, merchants association board members and others who helped sponsor the event. Following the dinner the girls were taken to the stage of the theatre where Attorney William T. Downs acted as master of ceremonies while judging progressed.

Miss Danforth's first public appearance following her selection as Queen of the Jordan will be in Petoskey tonight where 500 northern Michigan residents will attend a banquet to discuss construction of the Straits bridge. (Photo by Bill Huckle for the News-Herald)

## OVER THE BACK FENCE

BY MARSHALL

They like East Jordan canned cherries down in Cuba. A letter to the canning company says, "Would appreciate your sending me your recipe folder as indicated in the labels of cherries... I go for in a big way." This one came from Mrs. M. Mere, Havana, Cuba. It is the second letter the company has had from Cuba praising East Jordan canned goods.

John Bos, down at Thrift Super Market, has attracted the attention of Progressive Grocer, a nationally circulated magazine has asked John for pictures and a story about the market since he is one of the grocerymen doing big business in that line. It was the market's volume of business that attracted the attention, the magazine said.

Al Thorsen's Lumber Company turned into an outdoor theater the other night. A large number of people gathered around his window to watch television. It seems WWTW was showing a north state 4-H program and local folks descended upon Al's front walk to have a look. Photographs were taken of the crowd.

Mrs. Wallace has returned from Chicago and is back at Jordan Inn. She is still planning open house in the near future to give residents a look-see at the hotel's remodeling job.

We bow our heads to the hard working Advance Chamber of Commerce. Any day now the community will celebrate its annual smelt run up Porter Creek with the crowning of a king and queen of the smelt run. This year the folks will crown a small boy and girl who will reign over the event. And there will be a big time in the small town that night. We will do our best to flash the news to all sportsmen when the smelt are running at Advance.

Incidentally, Advance has a great white way. Did you know they have a street lighting program of which the community can boast mightily?

## Seek Northern Cattle Station In This Area

There will be a hearing 1:30 p.m. at the court house in Gaylord Monday to obtain a federally inspected slaughterhouse for northern Michigan.

Boards of supervisors in 13 north state counties have signed petitions asking for the service.

A sub-group of the state brucellosis advisory committee will consider the requests for the disposal of reactor cattle.

The petitions ask for a northern collecting center for bang's disease reactor cattle in order to avoid shipment to Detroit. The trip to Detroit is necessary now in order to collect state-federal indemnity.

Charlevoix county farm agent Ed Rebmam asks that farmers attend if they are interested in the plan.

## \$1,650-Cancer Drive Quota For County

The official slogan for the 1954 American Cancer Society crusade is: "Strike back at cancer — Man's cruellest enemy. Give!" It was announced today by the County Commander, Mrs. Ronald Scott of East Jordan. Gifts towards the goal of \$20,000,000 may be sent to the Unit's headquarters at East Jordan.

Posters with this fighting message reproduced in a colored design will be displayed this week throughout this County, Mrs. Scott said in making the announcement.

She pointed out that there are many ways of striking back at cancer. The scientist strikes a blow in his research laboratory, the general practitioner by diagnosing cancer cases among his patients, the cancer specialist by treating cancer victims with surgery or radiation.

"But the fight against cancer," the chairman emphasized, "is not limited to the medical profession. Working with the ACS in its cancer control program is an army of approximately 1,000,000 volunteers. Half of this number participates in year around programs of public education and service to cancer patients conducted by the local ACS units. The other half serve as workers in the annual nationwide ACS fund raising crusade which will open here April 12."

"The countrywide goal for the 1954 crusade is \$20,000,000. City residents can strike a blow at America's number two killer by volunteering to work during the fund-raising drive and by giving generously when approached for contributions by ACS solicitors. Charlevoix County quota is \$1,650."

"In striking back at cancer, you will be fighting a deadly foe that took a death toll estimated at 227,000 in the United States last year and will attack one out of five Americans at some time in their lives."

## Services Held Saturday For Emma Colburn

Services were held Saturday, April 3rd, at 2 p.m. at the Watson Funeral Home for Emma L. Colburn, 87, of 8463 E. Nine Mile Road, Van Dyke, Michigan who died suddenly from coronary thrombosis March 30th while on her way to the hospital. Services were conducted by Rev. Moore and were under the auspices of the Rebeekah lodge. Burial was at Sunset Hill cemetery.

Surviving are her husband, Frank; three daughters, Mrs. Ralph Burns, Mrs. Edward Burdick, and Mrs. Jesse Weeks, all of Van Dyke; one son, Fred of Royal Oak; two sisters, Mrs. Harry Hayes of East Jordan and Mrs. Harry DeNise of Boyne Falls; one brother, Frank Kenney of Ellsworth; ten grandchildren and 3 great grandchildren.

Mrs. Colburn was the daughter of the late Albert and Hannah J. Kenney of Echo Township Antrim County.

## 8 & 40 Meeting

The April meeting of the 8 & 40 Salon 466 was held Monday night at the home of Fay Johnson of Petoskey. There was a good attendance from Harbor Springs, Petoskey, Ellsworth and East Jordan.

For entertainment a white elephant sale furnished great fun and helped to raise funds for their work with veteran's children at the Gaylord Sanatorium. Chapeau Jean Rude presented Peggy Thomas with a Past Chapeau pin from the Salon.

## Proclamation

WHEREAS April has been designated by Presidential Proclamation and Act of Congress as a month in which to emphasize the need for cancer control, and

WHEREAS this is a time which all of us should give profound thought to the gravity of cancer's peril on the one hand and the hope of controlling the disease on the other, and

WHEREAS statistics show that one of every five persons in Charlevoix County will eventually have cancer, and

WHEREAS among cancer victims only one-third are now being saved, and

WHEREAS it is possible to double the number of cures through early detection and prompt treatment of the disease by radiation and surgery, and

WHEREAS the American Cancer Society is summoning all of us to participate in this life-saving work by informing everyone of cancer's danger signals and to cooperate in raising funds for this work of education and for research and service to cancer patients.

THEREFORE, I, Chris Taylor, Mayor of East Jordan, Michigan, do ordain and proclaim the month of April:

### CANCER CONTROL MONTH

and request that every citizen of Charlevoix County participate in observance of the occasion.

And further urge and request that every citizen shall observe it as such by supporting and cooperating with the American Cancer Society's Cancer Crusade.

CHRIS TAYLOR, Mayor  
City of East Jordan

## Methodist Church Hosts Union Good Friday

The annual Union Good Friday Worship will be held in the Methodist Church. The service will be conducted as follows: Noon day prayers by Rev. Robert H. Moore followed by organ meditations from noon until 1:30 p.m. by Fred Stecker. This period of organ meditations offers everyone an opportunity for private meditation and prayer.

At 1:30 the preaching service will begin and will be divided into three periods. Each period will open with a hymn and solo. Rev. Charles Thompson will preach the first half hour, Rev. Edward O. DeHaven will preach the second half hour and the host pastor will preach the final half hour.

The public is urged to observe this sacred day by home and community reverence as well as by worshipping in church.

## Healey, Rogers On Tax Board

Two residents from East Jordan and one from Boyne City have been named to the county tax allocation board, according to Floyd Supp, probate judge.

The members will take office next Monday and hold office for one year.

Those appointed were Alfred Rogers and Clarence Healey, of East Jordan and William Kortanek of Boyne City.

Other members of the board by reason of their county offices are: Lillis Flanders, county treasurer; Charles Robinson, commissioner of schools and William Sanderson, chairman of the finance committee of the board of supervisors.

## School Band Off To State Festival

The East Jordan high school band will leave for the state band and orchestra festival at Ann Arbor, April 9, at 7 a.m. They will be accompanied by their director and wife, Mr. and Mrs. Emile Acitelli and Mrs. Greg Boswell.

They will spend the night at the Huron Hotel in Ypsilanti where they will eat supper and breakfast. Saturday morning after reaching Ann Arbor they will hear other bands play. Following their performance at 2:05 p.m. they will return home.

Other bands receiving a one rating at the Petoskey Band Festival were Petoskey and Charlevoix, who will also attend the Festival.

"We shook the Family Tree," a three act comedy dramatized by Christopher Sergel from the book by Hildegarde Dolson has been chosen as the Junior Play. April 23 and 24 are dates set for the presentation.

The following characters have been selected according to Mr. John Downing, director; Jim Sherman, Mr. Dolson, father; Pat Gilpin, Mrs. Dolson, mother; Nan Drapeau, Hildegarde, daughter of Dolson's; Mary Ann Farmer, Sally, friend of Hildegarde; Jack Zoulek, Bob, son of the Dolson's; Jeffery Moore,

## Third Ward Vote Heavy In Surprise Slip Contest

A surprise third ward contest for councilman brought out a heavy ward vote in which a former councilman Gilbert Sturgell was swept into office in Monday's annual spring city election.

Running a last minute sticker campaign against councilman Ed Nemecek, Sturgell polled 163 votes compared with Nemecek's 82. Another new councilman is Milton Meredith, of the first ward, who campaigned on stickers and won his council seat without opposition.

## How They Voted

Following is the vote return for city offices as released by the city clerk's office Tuesday:

### FIRST WARD

Mayor—Chris Taylor, 40

Justice of the Peace—C. Murphy, 6.

Alderman—Milton Meredith 40.

Supervisor—Wm. F. Bashaw, 42

Constable—Lyle Keller, 41.

### SECOND WARD

Mayor—Chris Taylor, 35; Tom Bussler, 2

Justice of the Peace—C. Murphy, 9; Ernest Evans, 3

Alderman—George R. Rebec, 41

Supervisor—Robert F. Barnett, 39; Frank Nachazel, 1

Constable—Ted Kotowich, 45

### THIRD WARD

Mayor—Chris Taylor, 186; Ted Kotowich, 1; Phyllis Malpass, 1; Dan Bennett, 2; Minnie DesJardins, 1; Tom Bussler, 2

Justice of the Peace—C. Murphy, 32; Leo Sommerville, 1

L. B. Karr, 2

Alderman—Ed Nemecek, 82;

Gilbert Sturgell, 163

Supervisor — Barney Milstein, 182

Constable—Gayle Saxton, 182;

Joe Wilkins, 6

Votes for Charles Murphy for Justice of the Peace were lost by the voters since Murphy is already in office with another year to serve. The charter requires that the city elect two justices and Murphy's term is not ended yet.

Make-up: Ruth Crowell, Barbara Gibbard, Ann Murray and Susan Petrie.

Prompters: Marian Danforth and Kathy Kortanek.

Properties: Irving Bulmann, Pat Carney, Lyle Crawford and Jerry Brennan.

According to Superintendent E. E. Wade, East Jordan high school will be closed Good Friday and Easter Monday, April 16 and 19, respectively.

The Essential High School Content Battery Examination will be given to the seniors starting April 20. The California Mental Maturity Test will be given to the 8th and 11th grades. Both tests will be under the supervision of Principal K. R. Annear.

The second-semester driver training class has been working

Voters returned Mayor Chris Taylor to office for a second term after friends persuaded him to accept a sticker campaign. He was not opposed.

The light turnout for the annual election was attributed to the lack of major contests. Backers of Mayor Taylor said more than 261 voters wanted him as Mayor but felt he would get into office since there was no competition. That was the number of votes he collected.

All present supervisors were returned to office. Councilman George Rebec of the second ward was returned without opposition.

Ward constables named by voters were: First ward, Lyle Keller; second ward, Ted Kotowich; and third ward Gayle Saxton.

In the race for Justice of the Peace Ernest Evans received the largest number of qualified votes and will become a Justice if he wishes to qualify, the city clerk said.

## Echo Township Pioneer Is Dead

Services were held Sunday, April 4th at 3:30 p.m. in the East Jordan Methodist Church for Olive Irene Bartholomew, 76 who passed away at her home in Echo Township on April 2nd. The services were conducted by Rev. James Matthews from the Old Mission peninsula near Traverse City.

Born in Echo Township, Olive Murray went to school there and later taught school there before her marriage to Rev. Scott Bartholomew. Her husband passed away one year ago in February.

Surviving is one son, Carroll of Echo Township and five grand children.

Bearers were Elmer Murray, Clarence Murray, Denzil Wilson, Carroll Bartholomew, Jr., Norbert Bartholomew, and Merle Thompson. Burial was in the Sunset Hill cemetery.

## NIGHTMARE IN SPORTS

### Lancer Fan Blasts Official In State Basketball Game

An Ellsworth basketball fan, Rose A. Carpenter, charged in a story in the Antrim County News that the recent Ellsworth-Remus semi-state final basketball game at East Lansing was a "nightmare in sports."

After attending the East Lansing game the writer said her son might better spend his time on something not so easily controlled by the graft and greed of a few individuals.

The writer claimed one official was not qualified to referee basketball. And she made a plea to the public to help change basketball rules and regulations so basketball and other sports can-

not be tampered with.

The writer referred to the game as a "setup" and wondered about people selfish enough or small enough to promote or assist it.

The Ellsworth Lancers were one of the top basketball teams in Michigan's class D play this past season, losing to Remus at East Lansing by one point. The next night Remus fell to Gobles in a walk away that sickened Ellsworth fans.

FOLLOWING IS the article by Rose Carpenter in the Antrim County News in which she tells fans that basketball teams in

this area do not have a fighting chance in East Lansing tournaments:

"Whether we lost a ball game, the evening of March 19, is probably a matter of opinion. The many fans from Ellsworth, communities surrounding us, and even some from the opposing team, seem to be of the opinion that we won regardless of the final showing on the score board.

"I have yet to hear one word of criticism on the way our Lancers played ball, or on the coach they received.

"As for the official, if he was a well qualified man then I think it's time we looked a little deeper into what constitutes qualification. In my opinion, the official not only should do as fair a job of calling the plays as he is capable of, but he should be an example of good sportsmanship as well. Had the Lancers followed the example the official set for them, in the aforementioned game, they

would no doubt have all been out on fouls before the end of the third quarter.

"Some of you possibly are thinking 'Why keep hashing it over?' I, like many other parents and fans, have a son coming up who might some day want to go out for basketball. Unless something is done to change the present system, I, for one, would be very much opposed to his taking part in athletics. He might better spend his time on something not so easily controlled by the graft and greed of a few individuals.

"That we can accept defeat was very closely shown in the 1953 State semi-finals. The Lancers and fans did very little complaining. We just came home thinking, 'Next year we'll do better.' In this season of '54, however, we found it's just not possible to do that much better. Three years ago a neighboring town discovered the same thing. 'Are we going to continue

## LONG DISTANCE calls now cost you less

Recent reduction in federal excise tax means a worth-while saving on every Long Distance call

The reduction in the excise tax from 25% to 10%, voted by Congress, is good news for Long Distance users.

It means that every Long Distance call you make—to anywhere in the country—now will cost you less than it did before April 1.

Long Distance rates remain the same. What you save is the difference between the old and the new tax.

Now it costs you even less to keep in touch by telephone.

Mr. and Mrs. Charles Murphy, Mrs. Isaac Flora and Pat Murphy were Sunday dinner guests of Mr. and Mrs. R. V. Liskum.

Mr. and Mrs. Archie Murphy and family attended a family gathering at the home of her brother, Mr. and Mrs. William Parsons of Atwood Friday evening.

Grange will meet with Mr. and Mrs. Hugh Graham Saturday, April 10th.

Carl Elsworth left for Milwaukee last week to resume employment on the Great Lakes.

Mr. and Mrs. Ewald Redmer visited Mr. and Mrs. Fred Stecker Saturday evening.

Mr. and Mrs. Kenneth Howes (Minnie Nelson) of Grand Rapids are announcing the birth of a son, Stephen Kenneth, on April 1st.

A. D. Graham was a dinner guest Sunday at the home of Mr. and Mrs. Hugh Graham.

Mrs. Hugh Graham called on Mrs. Beatrice Graham at the Osgo Memorial hospital at Gaylord Wednesday. Mrs. Graham is slowly improving but it will be some time before she will be able to come home.

## West Peninsula

William Sanderson left Tuesday for Milwaukee. He will be gone a week on business.

Mr. and Mrs. Alfred Crowell and two children drove to Jackson Friday to the Tiny Worden home. When they return, their mother, Mrs. Francis Crowell, will return with them. She has been in Flint helping her granddaughter after her operation.

Callers at the Robert Myers home Sunday were Mr. and Mrs. Fete Larsen of Boyne City and Mr. and Mrs. William Gaunt Sr.

sleeping while a few greedy persons take advantage of us? Or are we going to wake up and insist that rules and regulations be changed so basketball, and other sports, cannot be tampered with?

"Had I not attended the game at Lansing Sexton High, I would never have believed there are people small enough or selfish enough to promote or assist a setup such as that. Had I not seen for myself I would most certainly not attempt writing about it. But I was there, along with hundreds of other fans, I witnessed this nightmare in sports and it will long remain in my memory."

## TB Heads State Hazards

Twenty-nine northern Michigan counties, including Charlevoix, spent more than \$400,000 on local public health services last year. Yet tuberculosis, a top target of health drivers, still heads the list of health hazards in northern Michigan.

When medical, health and civic leaders from northern Michigan meet next Monday—April 12 at the State sanatorium, Gaylord, they'll study a new 20-page report just issued by the association.

The report shows: (1) no northern county is without TB; (2) sharp cuts in TB death rates haven't been matched by an equal reduction in the TB case rate and (3) a high proportion of northern TB patients now are age 40 and over.

State Treasurer Brake will speak at a dinner meeting highlighting the TB conference. Charlevoix county has been called on to send a large delegation to the meeting.

## IMP LINGO . . .

Congratulations to our own Marian Danforth, I hope she is as successful in all other contests as she was in this one. She should be.

The band members are all packed and ready to leave Friday. I also hear about some parties being planned for down there.

The Prom date is getting closer and still no one has asked me to go. I wish the boys would get on the ball.

I saw J. Z. and K. H. together recently. Wonder what happened between M. C. and J. Z.?

I haven't seen Ted S. around lately. Can someone let me know where he is?

I understand the other day someone answered Charlene Petrie's ad in the school paper.

Career day is Thursday. I wish I were going.

I wonder what Bob S. did over the weekend with Ruthie gone. What about that, Bob?

## Plant Perennial Vegetables

Why not use one side of your garden for a perennial vegetable bed?

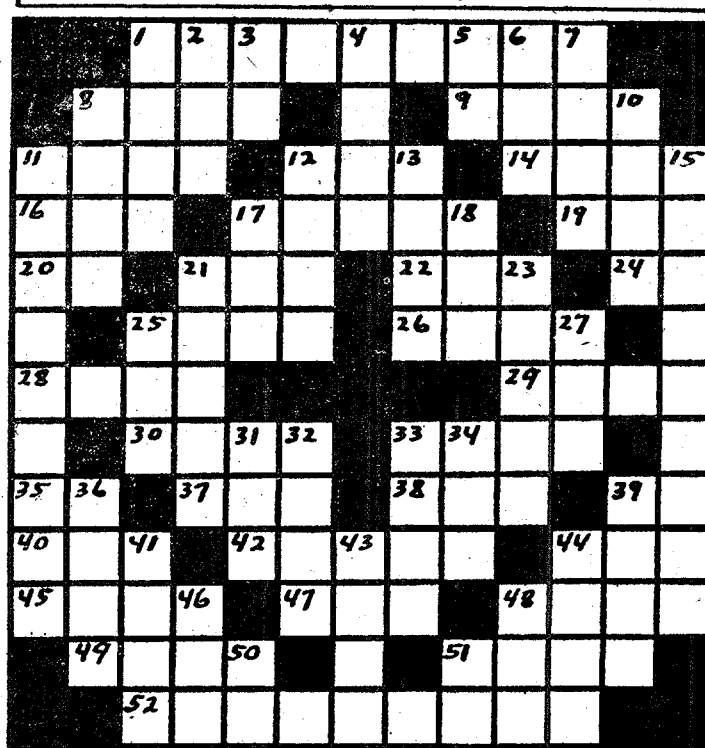

Charlevoix County Agricultural Agent Ed Rehman says rhubarb and asparagus will thrive in this area. Only a few plants of rhubarb are needed for the average family and many gardens have enough waste space to include asparagus, Rehman insists.

Set these plants in the garden as early in the spring as possible. Both asparagus and rhubarb like rich soil well supplied with organic matter. Ten to 1 bushels of well-rotted manure or compost should be worked into the soil for each 50 feet of row. And apply 10 pounds of complete commercial fertilizer over this area and mix thoroughly with the soil.

Buy disease-free rhubarb plants of McDonald or Ruby. Set them in the row four feet apart and with crowns even with the soil surface.

When you buy asparagus plants, insist on good one-year-old roots of the Mary Washington variety. Space them 18 inches apart in the row. Roots should be set in a trench 8 to 10 inches deep in sandy soils and 6 to 7 inches deep in heavy soils.

## Legion . . . Auxiliary News

The American Legion Auxiliary Unit 227 held their March semi-social meeting at the home of Eva Peterson, March 31. The meeting was called following a bountiful pot luck supper. Thelma Evans and Bernadine Brown shared the many useful and pretty birthday gifts, both having had a birthday in March. The rest of the evening was spent playing a game with prizes valued more for the fun they created than their usefulness. Everyone had a very good time.

It was decided at the meeting that our Unit would again participate in the "Mother Day Handkerchief Program" our quota being 20 handkerchiefs to be valued at 50c to \$1.50 and must be turned in by April 15, with a Mothers Day card and stamped envelope. Anyone may donate to this worthy program if they wish to. All donations must be in, in plenty of time so they can be sent to the hospitals for the boys to choose the ones they wish to send home to their mother or wife as a Mother's Day remembrance. Marie Woodcock, Rehabilitation chairman, will have charge of the program.

It was also decided that the Auxiliary will hold one meeting a month this to be a business and social meeting combined, and to be held on the second Tuesday of every month. The birthday parties will be continued on thru the rest of this year. It is hoped that with this change more members will attend and take interest in becoming active in our various programs. We have a lot of work to do in the days ahead and it is important that

## Seed Treating

Now that it's necessary to cut costs of crop production to the bone, seed treating is almost a must, says Ed Rehman, Charlevoix county agricultural agent.

Seed treatment disinfects the seed while it's being stored and when the seed is planted chemical used protects it from harmful soil organisms.

Research at Michigan State College and nationwide tests shows that these chemicals are effective as seed treatments for oats: Ceresan M. Panogen, Agrox and Mycon. For wheat and barley, these recommended are Ceresan M. Panogen, Aagran and Mercuran. MSC specialists point out that one of these chemicals should be used because there are chemicals being sold in Michigan that are not effective in controlling smut and other diseases. The chemicals can be applied as a dust in a grain treater or drum mixer.

The treating should be done in the open where there is a draft of air. The grain can be cleaned and treated anytime prior to planting time.

The grain should be sacked and tagged immediately to be sure that any of the treated grain will not be used for livestock feed.

Results of treating oats, wheat and barley this way are better stands, healthier plants and higher yields. And the cost is very small.

each member take part in carrying through these programs as they come along.

Next Auxiliary meeting will be Tuesday, April 13, at the Legion Home 8:00 o'clock. Don't forget the birthday gift.

## List Activities For Special Michigan Week

A schedule of seven special days for Michigan Week was announced today by Jay D. Runkle, general chairman of Michigan Week. Each day of the May 2-8 week will be devoted to a state-wide observance of a different aspect of Michigan life.

Mr. Runkle said that the schedule will be followed on the state level. In manuals currently being distributed it is suggested that local committees also follow the seven - day program.

The days, their titles and meanings as set up by the Michigan Week program committee are:

Sunday—"Michigan Spiritual Foundations Day. A day devoted by the people of all faiths, in their churches, to the spiritual values of life in Michigan, to thanksgiving and to the encouragement of good understanding among the citizens of this state."

Monday—"Our Heritage Day. Attention to the traditions and the history that have produced the community and the state of which each Michigan citizen is proud today."

Tuesday—"Our Livelihood Day. In each community, examination of and reflection upon how the people of the community make their living."

Wednesday—"Exchange of Mayors Day. A general exchange of heads of municipal government for one day among the towns of Michigan as a means of getting Michigan communities better acquainted with one another and of dramatizing the purposes of Michigan Week."

Thursday—"Michigan Hospitality Day. Accenting one of the state's greatest assets, the natural friendliness and courtesy of Michigan people, which has helped to make our state a tourist favorite and contributed to the prosperity of all Michigan people through our huge tourist industry."

Friday—"Education Day. Open house and special Michigan appreciation activities for students, teachers and public in schools and colleges throughout the state."

Saturday—"United Michigan Day. Accompanying the groundbreaking for the bridge across the Straits of Mackinac which will link Upper Peninsula and Lower Peninsula into one state indivisible."

Michigan Week is being observed for the first time this year. Its purpose, as explained by Mr. Runkle, is to remind Michigan residents of their state's great resources, heritage and opportunities. Theme of the week is "This Is Your Michigan."

## Congratulations!

Open house is being planned in observance of the 90th birthday of Mrs. Charles H. Mad-daugh, 224 W. 9th Street, Flint for Sunday, April 11th from 2:00 to 8:00 p.m.

All friends of the family, wherever they now reside, are cordially invited to attend. Cards or other written greetings will be enjoyed, but it is requested that gifts be omitted.

Rhubarb shouldn't be harvested during the first season. Asparagus should not be cut during the first and second years and only lightly during the third. But, there after, harvest full crops.

## LIBRARY NOTES

**GIFTS:**  
Mrs. Bertha Justice: Three Pocket Books, 2 of them mysteries.

**NEW BOOKS:**  
"World Almanac, 1954"  
"U. S. Year Book of Agriculture, 1953" — Plant diseases.  
"The Good Spirit of Laurel Ridge" — Jessie Stuart: This author has again written of the Kentucky country and people. The hero of this story is "Op" Aker who lives alone, and an uneventful life, until outsiders invade his privacy. He even receives calls from the "law" and the "military."  
"The Golden Spider" — Stout: Mystery.

"Your Trip Into Space"—Lynn Poole: The author has received two awards for his John Hopkins TV Science Review programs. This book deals with the dangers of Space Travel, and with the research which hopes to find a means of overcoming these dangers. Good reading for High School students and older.

**BOOKS FOR TEEN-AGERS & YOUNGER:**

"Story of Eli Whitney" — Latham: The man who changed America by the tools he invented. An exciting adventure story.

"The Fighting Quaker" — Latham: Nathaniel Green, second in command in Washington's army.

"Empire Of Fur": A boy started from Mackinaw and made the trip as a voyageur to the outposts on Lake Superior. Because the trips were made in canoes it was hard and dangerous work.

"Captive Island" — Derleth: Captive Island is Mackinac Island and the story tells of the part Michigan played in the War of 1812. This makes exciting reading.

"The Silver Trap" — Stout: Mystery and adventure in Minnesota wilderness.

**THREE LITTLE GOLDEN BOOKS:**

"Puss in Boots," "Magic Compass," and "Disney's Hiawatha."  
"The Magic Cane" — Webster: An old sea captain collected canes but this was the best of them all.

Surviving are her husband and daughter, Mamie, of El Cajon; three sisters, Lillian of California, Josephine and Ann of Wisconsin; and two brothers, Robert of Chicago and George of Wisconsin.

## SCHOOL HI-LITES

### FIRST GRADE Mrs. Brooks

We had 15 A's in spelling on Friday.

Mr. Stecker visited our room and played the organ for us and we sang for him. We hope he will come again.

Sue Umlor is seven years old today (April 5). Her mother brought a fine treat to our room and we thank her very much. We made a cake and birthday cards for Sue.

We are glad that we are all in "Our New Friends" book now. And have a new work book to go with it.

Franklin Fisher brought an oriole's nest to our room. It was in a tree that was cut down in front of his house. It is made of fine fibers, strings and long hairs. We are drawing and coloring an oriole for our Bird Book.

### SECOND GRADE Agnes Johnston

We are continuing our study of signs of spring. We are planning a nice walk outdoors the

All of Ruth's schooling has been at the East Jordan school. While attending high school she has been active in FHA, 4-H, and Glee Club.

Among Ruth's favorites are: subject, Home Ec.; sport, basketball; color, red; flower, rose; song, "Love Letters in the Sand." Her hobby is roller skating.

Ruth is now looking forward to graduation and her future plans are to join the Women's Army Corp.

Ruth was voted most shy in the Senior Mock election.

### DUANE SIMONSON

Province Town, Massachusetts population was upped one on February 10, 1936, when Mr. and Mrs. Rex Simonson became the parents of a son named Duane, better known to us as "Bud."

Bud has brown hair hazel eyes, 5' 10" tall and weighs 145 lbs. As a result of the mock election he is known to have the best line.

Bud came to East Jordan in the 4th grade. Before this he attended the Madison School in Wisconsin.

His school years have been filled with many activities outside of regular class work. Just to mention a few; football, basketball, track, glee club, mixed chorus, 4-H, and the class play.

Outside of school Bud's hobby is fooling around with cars. His future plans include working for Western Electric.

Among Bud's favorites are swimming, the color blue, the song "Strings of My Heart," and the subject Speech.

first nice day.

We have begun the study of the robin. We hope to learn much about the common birds found around East Jordan. We will make a bird book in which to keep all of our information and pictures of the various birds.

We are beginning to make our Easter preparations. We are going to start our baskets this week. We will color and paint eggs to put in our baskets.

Last Friday we made an egg tree for our room. We tied pretty hand-painted eggs on the branches of the tree. Laura Grauel brought the large branch for the tree.

Last Friday Jimmy Gibbard celebrated his ninth birthday. He treated his class friends to candy. We all enjoyed making a birthday card for Jimmy.

To help us improve our reading we are all trying to read fifteen minutes at home every night. Donald Reich brought the April "Jack and Jill" magazine to school for us to enjoy. Laura Grauel brought two animal books to school. These books were written by Beatrice Potter.

Our motto this week is, "Are we saying 'Excuse me,' 'Please' and 'Thank you?'"

### THIRD GRADE

Marie Hughes  
We are starting to gather material on Holland. We plan to work out a unit for Holland in the spring operetta.

We are glad it is April. We discovered we have 5 birthdays to celebrate this month, Donald

Bowerman and Carol Bowen celebrated with candy sticks and crackerjack on Friday, April 2. Marian Pinney's birthday comes April 8. Lullabelle Cornell, April 13, Mary Jane April 24.

We forgot to mention Jimmy McClanathan was 9, March 11 and celebrated with candy suckers for each child.

Lyle Bennett brought in a potted mayflower plant so we could watch it grow and blossom. Timothy Pienta brought the first pussy willows and lilac limbs which we put into water and watched develop. The lilac has lovely green leaves.

We like the warmer weather. It makes us like to play outside on the swings again.

### THIRD GRADE Adeline Bowerman

It was nice to have Mrs. Gidley and Nina visit our room on Friday. She brought ice cream sundaes for each one in honor of Sally's ninth birthday.

We are looking for pictures and stories about Holland that we may learn interesting things about these people. We will organize these facts with Mrs. Hughes third graders to portray our part in the spring music program.

The cub scouts have been very interested in their study of Conservation. We have some posters in our room to help remind us that we can help prevent forest fires. On Friday of this week all of the cubs will hear a Conservation officer and he will bring a movie for us to see. Many of the boys have their birdhouses started.

### FOURTH GRADE

Grace Galmore  
Last week more than half of the pupils received one or more than one letter. These were

mainly from pupils in Iowa, Texas, New York and Oklahoma. We are learning about what is raised in these states. Friday our teacher gave each of us a mimeographed map of Michigan. On this we put a blue star and the names of the Great Lakes; many important cities and a drawing showing what the city is noted for. Some of these maps we will include with our answers to the people who have written us.

To help in our study of Michigan our teacher brought a booklet called "Your Capitol and Mine" which was published by the Michigan Historical Commission for the purpose of answering questions asked every year (Continued on Page 8)

### NOTICE

At a meeting of the Eveline Twp Board, held March 30th, 1954 it was decided that any person or persons in Eveline Twp West of the South Arm, desiring extra fire protection from City of Charlevoix besides that of the City of East Jordan which they now have, should make such arrangements with the City of Charlevoix, themselves.

The Board felt that they could not comply with the request from the City of Charlevoix for the extra fire protection at the cost of the entire one mill as allocated to the property to be protected, leaving nothing left for the use of the Township.

The East Jordan News-Herald

Page 7 \* East Jordan News-Herald \* Thursday, April 8, 1954

Turkey growers' intentions indicate that 6 percent more heavy-type turkeys will be grown in the United States in 1954 than in 1953. The expected increased production, together with a normal demand situation, should mean that turkey prices during the 1954 holiday season will average 1 to 2 cents below those in 1953.

**MODERATELY FALLING** farm prices and narrower profit margins are expected to continue in 1954. This means we should watch costs more carefully, with volume-of-business being of little less importance than during periods of more favorable price relationships. Cost reduction may be made by cutting absolute costs, or by cutting unit costs.

Corn acreage allotments are with us but if you do not farm in the commercial corn area you do not have allotments and can plant all the corn you want. Loans and purchase agreements are available at 75 percent of the rate in commercial counties. Commercial corn counties are those which produce 450 or more bushels of corn per farm and 4 or more bushels of corn per acre of farm land in the county. Farmers within their acreage allotment can qualify for 90% of parity.

There is an unusually small spread between alfalfa and clover seed prices this year. This should encourage the establishing of alfalfa seedings.

If you have overplanted your wheat and still wish to comply with your acreage allotment, it can be done. While the wheat is still green, it can be turned under for green manure, pastured off, or cut for hay, silage. Acreage on which this practice is carried out must be so designated at your county ASC office.

**IF YOU PLANT** between 90 and 100 percent of your corn allotment, you will not be penalized in future allotments for acreage reduction. This may make it unnecessary to split a field just to protect your acreage base.

The rate of interest charged producers and others on price support loans, effective with the 1954 price support loan programs, will be reduced from 4 percent to 3 1/2 percent.

## Orchard Notes

By C. Fairman

As I have had several calls regarding sweet cherries, I will cover and review sweets thoroughly in two writings. I grew up among sweets long before canneries came in.

Working in sweet orchards on the Old Mission Peninsula, I thought that if I ever grew sweets that I would set them far enough apart. In the year of 1917 I came up here for two weeks and planted 500 sweets. These were set 32 feet apart and some of the trees now touch each other.

Some that we set later and closer together do not get enough air and these cherries spoil fast if not picked on the dot.

I also noticed sweet orchards over on the Peninsula that were set on slopes. The trees on the higher land were the best, and they would start to die out at the bottom of the slope.

As we now grow fourteen varieties of sweet cherries, anyone is welcome to come here and note the difference.

Sweet cherries ripen in this rotation; Governor Wood, yellow-Spanish, Black Tartarian, Royal Anne Napoleon, Schmidts Bigger-eau, Bing, Windsor, Late Yellow, Black Giant, Lambert and Late Lambert and the very latest Dykeman.

Royal Anne or Napoleon are the best marchino cherries. Except for the first three mentioned, varieties all are good shippers if sorted. The varieties that crack from rain to a more or less degree depending on the amount of rain are: Worst, Lambert; next, Bing; and sometimes Windsor.

More about sweet cherries next week.

## Dairy Farmers Lay Plans To Fight Prices

What are Michigan dairy farmers doing to face up to the drop in dairy prices to 75 per cent of parity?

They're trimming costs of production as much as possible, says George Parsons, a Michigan State College extension dairyman. Parsons asserts that his talks with farmers at extension meetings have revealed these things:

Farmers are getting more conscious of expenses which may be unnecessary. Some figure they are feeding more grain than necessary. That means more interest in and greater use of high quality roughage—brome-alfalfa hay with at least 50 percent of the legume, good quality corn silage with lots of grain or good legume silage.

And, the extension dairyman reports, farmers are cutting down on the purchase of protein supplements, figuring that they will be able to furnish all their cows may require through good quality hay and homegrown grains.

The expense-conscious farmers also are cutting down on what they believe may be unnecessary mineral buying. They're sticking with steamed bone meal and trace mineral salt—either including it in the ration or feeding it free choice.

Parsons says he believes that the farmers' cost consciousness will go a long way toward easing the price-cost squeeze in the dairy business.

## Lawn Seeding Now Important Farmers Told

Make your lawn seeding as early as possible this spring. Seedings made after May 1 are apt to be poor because the weather may be hot and dry and annual weeds will cause trouble.

That's a suggestion from C. M. Harrison of Michigan State College's farm crops department. Harrison says that Kentucky bluegrass grows best on soils that are high in organic matter and fertility and located in sunny areas. But if you have sandy or clay soil low in organic matter, red fescues may be the best bet, especially if the lawn is shaded.

Using the recommended turf grass seed on your lawn may try your patience for the first couple of months, admits Harrison, but the result will be better than you will get from using the so-called urse grasses like redtop and ryegrass.

The MSC specialist advises grading the lawn carefully before seeding with the best soil on top made into a fine, firm seedbed. A high nitrogen fertilizer like 12-6-6, 10-6-4 or 10-10-10 at 10 pounds per 1,000 square feet should be spread just prior to seeding.

He also suggests that one to two pounds of seed per 1,000 square feet is enough. If you don't use a seeder, he says, it's a good idea to hand sow half of the seed while walking in one direction, then sowing the other half in the opposite direction. You also can get better distribution by two-direction seeding with a seeder. The same thing can be done with the fertilizer. After seeding, the ground should be raked lightly or rolled to cover the seed.

## NEWS-HERALD

# FARM & HOME PAGE . . .

recommended practices spends more money per acre, the resulting yields more than offset extra expenses. Dr. Cook and Hoglund found, for example, that the average Michigan farmer spends \$46 an acre to produce 38 bushels of corn. But, by spending \$62.25 an acre—the cost of recommended practices—he would produce 61 bushels of corn per acre.

The studies showed further that Michigan farmers are not, on the average, using enough fertilizer to produce crops most economically. Sugar beets currently get an average of 490 pounds of fertilizer per acre, while the recommended rate is 800 pounds.

If a farmer used the recommended rate of fertilizer on sugar beets, he could cut the cost of producing a ton of beets from \$11.21 to \$9.95. And, if he used other recommended practices along with the increased use of fertilizer, he could reduce his costs to \$8.19 a ton.

## Easy Does It—Again!

Ladies Aid Society had their rummage sale the other night—and as soon as the doors opened, "Easy" Roberts was inside.

Without a word, he headed straight for the coat counter, picked out a shabby old tweed jacket, and paid for it. "Easy" told me a little later that buying his jacket back was getting to be a regular habit.

"That's been my favorite smoking jacket for years," he said. "And my wife talks me into giving it away regularly. Then I get to thinking how much I like

it and hurry down to buy that jacket back. This is the third time I've done it!"

From where I sit, everyone's entitled to his own likes—whether it's a sports jacket, a baseball team, or the beverage he likes for dinner. For example, the wife likes coffee along with Saturday night spaghetti while I like a glass of beer. We never try to "sell" each other on our personal preferences.

Hi Fellas:

Another cycle is over and the men are streaming out of basic at Sampson AFB and shipping to other bases all over the U. S. Three Airmen reported moves this week, Mike Davis, Harold Olson, and Warren Frank, Jr. all have new homes. Mike's address is: A-3c Ivan P. Davis, 3343 Stu Sq, Amarillo AFB, Texas. Harold is: A-3c Harold Olson, 3762 Stu Sq, Sheppard AFB, Texas. Warren is: A-3c Warren Frank Jr., 3392 Stu Sq, Box L-15, Keesler AFB, Miss. Notice the Airman 3c, Mike Davis is now attending jet plane mechanic school and expects to be at Amarillo for the next six months.

Roman Klimkiewicz has been in the service for some time but somehow we did not get his address until just this last week.

He is now at Biggs Air Force Base out of El Paso, Texas and is on duty with the 810th Supply Squad and gets his mail from Box 105. He is Airman 3c. Ro-

ta Walden 176, Marie Rabach, 175.

man — did you know that Bill Anderson was on that base? You can find him with the Hq Sqdn, Sec 97th Bomb, WG (M).

Here's a letter from Russell Fyan who is now located at Honshu, Japan. "I guess its about time I wrote to you. I've been going to write for quite a while but it seems every time I get around to it I have to fly. I just now got the paper so I decided I'd better do it now.

I'm still with the B-29 Recon Squad at Yokota Air Base. I'm an Aerial Photographer and assistant gunner. For the last three months we've been mapping Korea.

We had a pretty good sized fire here early Sunday morning. Our Service Club, Library, and PX Restaurant all burned down.

It will probably be quite a while before I get up EJ way because I just signed up for two more years over here.

Let me know if anyone is stationed anywhere in this vicinity and I'll try and see them. I guess that's about it for now. So Long, A-1c Russell Fyan, 91st SRS (M) Photo, Box 304, APO 328, c-o PM, San Francisco, California."

I notice that Russ now has A-1c before his name. He's getting places besides up in the air. Earl Bennett sent in a change of address and I see that he has the same APO as yours, Russ. Earl's address is now: A-2c Earl R. Bennett, 345th Bomb Sq, Box 16, APO 328, c-o PM, San Francisco, California. However if APOs don't tell any more now than they did in the last war he may be hundreds of miles away from you.

That happy day has arrived for Gerry Olson. He is due to leave Korea on April 5th and should be Stateside sometime this month.

Joe Hammond has had some hard luck — we don't know as yet just what happened or how badly he was hurt — but he suffered some burns and is now hospitalized over in Frankfurt, Germany. He is in the 97th General Hospital there and his address is: Joseph H. Hammond, BT-2, M. H. D. 97th General Hospital, APO 757, c-o PM, New York, N. Y. I'm sure he would appreciate a letter from any or all of you men and especially if any of you GIs over in Germany are near Frankfurt please make it a point to look Joe up.

ERNEST HARMON AFB, Newfoundland — "A-3c Forrest E. Muma took part in mock attack maneuvers held at Ernest Harmon AFB, Newfoundland, to provide base personnel with practice in defensive tactics. Both Army and Air Force personnel stationed at Harmon took part in the exercise, while participating as an aggressor force were 250 members of the XVIII Airborne Corps, 11th Airborne Division (Angels) and five C-124 aircraft of the Tactical Air Command's 18th Air Force.

The "Chutists" were airlanded and then simulated an air drop on the base. Upon "landing" they moved in on the Base but were met by a strong defensive force having been alerted for possible attack. A heavy snowfall in recent days gave the training exercise a definite Arctic flavor with troopers and the defensive group maneuvering in the snow and ice and deploying their forces and fire power as strategy demanded.

Observers of the attack declared that the training exercise served its purpose well, lessons of both defensive and offensive methods being gained by both forces."

We had a beautiful spring day here today. Bring it on — we can stand lots of that 'ole Sunshine now.

by pupils visiting the capitol.

The following items were written by several pupils.

Louise Bader and I made some daffodils for our windows. When we got them made we had an awful time getting the tape to stick to the window. I think the windows were too cold.

Saturday I planted an orange seed in a vase. When it starts coming up I will bring it to school and show it to the room. Last summer I planted a grapefruit seed. It got about one foot tall and died.

This is a story I heard over TV about "Smokey the Bear."

Smokey was a lively bear. One day someone got careless and left a fire burning in a woods and the woods burnt. There were 7,000 acres of wood for furniture and houses all gone; some animals lost their lives, too.

Somehow one little bear only got his paw burned so they hurried him to the closest Vet. and he saw that he got the best care in all the world. One day a zoo keeper came and took him to Washington. There they had a big celebration for smokey. Then they took him to the zoo and invited Hopalong Cassidy to come and see him. Now Smokey is in Washington in a zoo and he is still alive.

joyed by the students and their instructor Mr. Richardson.

Thirty-five girls and twenty-four boys of the East Jordan high school are taking tennis instruction this year. They will play only intra-school tournaments.

Practice time has been divided equally between the boys and girls as nearly as possible.

According to Mr. Max Damoth, instructor, the boys will meet other schools in outside competition.

### SIXTH GRADE

Mr. Malone

Lyndel Ingalls and Pat Nachazel have a perfect attendance record so far this year.

In science we are studying electricity right now. We are learning about fuses, magnets and electric motors.

We are all glad to see the spring weather return. We are having fun playing softball at recess and noon. Larry Hayden is in charge of the boys ball and bat and Pat Nachazel is in charge of the girls ball and bat this week.

We had two birthdays in our room last week. Both Carolyn McWaters and Susan Gibbard were twelve years old.

Albert Peters is our President this week and Jack Sweet is our messenger.

The seniors were declared winners of the boys, Jr. high and high school, volleyball tournament for the second straight year by defeating the sophomores in the finals Wednesday, March 31. The tournament started Thursday, March 25 with the seniors defeating the freshmen vs the sophomores with the 10th grade winning. The seniors defeated the junior high, Tuesday, before meeting the sophomores.

The local mixed chorus and glee club, accompanied by their instructor Mrs. Alta Drapeau will take part in the Vocal District Festival to be held at the Traverse City High School, Saturday, April 10, 1954.

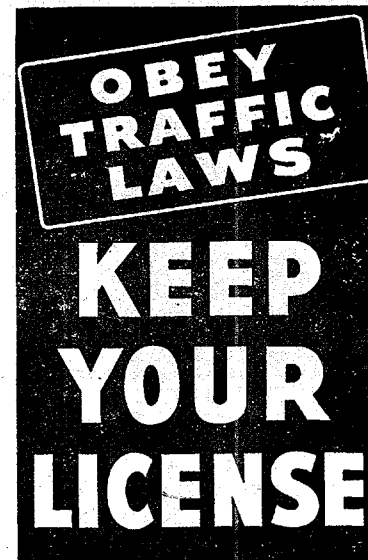

The East Jordan high school seniors were honored to have Mrs. Ethel M. Starks, from Muskegon School of Business speak to them April 1.

The Main topic of Mrs. Stark's talk was business administration.

Betty Robertson local community nurse, wishes to thank all the students and parents who donated clothes to the "Clothes for Korea" drive.

Eighteen members of the Future Nurses club, accompanied by their advisor Mrs. Betty Robertson went on a field trip Monday at 12:30 p.m.

This trip included visiting two hospitals.

Sunday visitors at the Archie Graham home were Mr. and Mrs. James Graham, Mr. and Mrs. Archie Ed Thompson and sons, chie Graham, Jr., and Mr. and
