Boyne City man dies in weekend auto accident

A two-car accident near Alanson took the lives of two men over the weekend, including a Boyne City resident.

Jeremiah Michael, 23, was the passenger in a 1991 Ford Ranger pickup traveling north on US 31 on Sunday, July 7. According to Michigan State Police, at approximately 8:56 p.m. the vehicle crossed the centerline and struck a southbound 2002 Ford F150 pickup.

The impact caused the Ranger to catch fire, engulfing the engine and passenger compartments, trapping the two occupants; both Michael and the driver, 25 year old Scott Andrick of Harbor Springs, were believed to have been killed on impact.

Citizens who had stopped at the scene were able to free the two occupants of the southbound vehicle, who were later treated at Northern Michigan Hospital for their injuries. Alanson fire rescue responded to the scene, extinguishing the fire. Both Michael and Andrick were pronounced dead at the scene.

The accident remains under investigation. The Emmet County Sheriff's Department assisted State Police at the scene.

Having a blast

Thousands flocked to Boyne City last week to enjoy the Fourth of July festivities under sunny blue skies. From the grand parade, which included Cherryland Electric's agile Uncle Sam (above) to the Rubber Ducky race (below), to fireworks at dusk, the day was packed with fun for everyone, including music, games and food al fresco. For more photos of the celebration, see page 2.

Making progress

■ Slightly behind schedule, BC Riverwalk to be completed by fall

Though construction is slightly behind schedule, Boyne City's long-awaited Riverwalk should be ready for use by early September, according to city manager Eric Strahl.

Most recently, minor issues involving the railing design have been ironed out, and crews are addressing the blending of alley and boardwalk. "One thing that's been tricky," Strahl said, "is we decided to add in doing something from the south end of the alleyways to the backs of the buildings (behind the boardwalk), and the grades weren't the best in the world to work with."

The project's main contractor, H&D, is planning to have all the concrete work completed next week, according to Strahl, followed by alleyway paving.

Ground was broken on the project in May of this year.

Though some issues with subcontractors have also held up the project, said Downtown Development Authority president Jody Adams, the City has been pleased with the job H&D has done thus far. "H&D is working real well with the City," Adams said. "They're a good company to work with."

As minor construction issues have arisen, so has the cost of the project, though Strahl doesn't believe the additional costs to be significant. "[The total project cost] will be up somewhat," he said.

"We ran into some issues once we got into construction that weren't anticipated."

Though the Riverwalk project has been a few years in the making, it was only in October of 2001 that building permits from the Army Corps of Engineers were finalized, and a call for bids was made.

In February of this year, the City awarded the project bid to H&D, at a

STOCKED POND IN EAST JORDAN'S FUTURE

Bringing kids back to FISHING

To Tom Durecki, fishing is serious business. It is, in fact, the basis of his livelihood. Tom's Bait and Tackle in East Jordan. Dealing in nightcrawlers and fishing lures, Durecki spends his days shooting the breeze with area fishermen, gathering information on where the bass are biting (and where they're not), and passing it on to anglers of all ages.

For all his experience, said Durecki, there's one trend in fishing in recent years that causes him some concern — people are doing it less and less.

Some sources say, according to Durecki, that the country is losing 300,000 fishermen yearly. The key, he believes, to getting those people back is to get the kids excited about fishing. Locally, Durecki is, along with the other members of a recently-formed Fisheries Committee, hoping that a stocked pond in East Jordan just might do the trick.

"In order to get those people back," Durecki said. "We need to get the children involved."

The problem is one that the committee, comprised of East Jordan,

Boyne City, and Charlevoix residents and DNR biologist Tom Rozycki, began to brainstorm about last spring.

While Charlevoix already has a trout tournament and Boyne City, a stocked pond at Young State Park, East Jordan was lacking a focal point for area kids who might be interested in the sport. The first thought, Durecki said, was to plant blue gills locally, but the idea was nixed by Rozycki who deemed the habitat unsuitable. Then, said Durecki, the group began to kick around the idea of a fishing pond in East Jordan, eventually settling on an existing wetland location off of Sportsman's Park on Mill Street. To fulfill its planned function, Durecki said, the spot would only require some screening off and dredging of some sort, and the addition, perhaps, of a boardwalk or "a couple of fishing piers." Given the green light by Rozycki as a possibility, Durecki brought the plans to a recent meeting of the East Jordan City Commission, which lent the project its support.

"I was really happy with that,"

If all goes as planned, this natural pond at Sportsmans Park in East Jordan could be altered to create a stocked fishing pond for area children.

Durecki said. "They gave me 100 percent [support]."

At the meeting, Durecki also discovered through conversation with commissioners that the location chosen was once a trout rearing pond, a fact that bolstered his resolution to carry the plans out. The next step, then, will be navigating the maze of Department of Environmental Quality and Department of Natural Resources permits that project will likely require, with the help of Rozycki.

Once the proper permits are in place, donations will be required to support the materials and labor necessary. "The Charlevoix Trout Tournament is behind this project," Durecki said. "We're going to try to get Trout Unlimited [to back the project], and we will accept all donations."

Once completed, Durecki hopes the

pond will be stocked with blue gill and trout, and would ideally like the location to be a catch and release pond. He's also planning, along with other area fishing and bait shops, to run fishing demonstrations for kids at the location. Though there's plenty of work ahead, Durecki said, "hopefully the kids are fishing next year."

For more information, or to make a donation, call Durecki at 536-3521.

Celebrating Independence in Boyne City style

■ The day couldn't have been more glorious. From the clear blue skies to the fresh summer breeze to the crowds decked out in their red, white, and blue, the Fourth of July is always a special celebration in Boyne City.

Grand Marshal Marie Zoberiski waved the stars and stripes from her place of honor in the Grand Parade, while firefighters (far left) cooled off the crowd (and some passengers) with a few sprays from the firehose. The day wouldn't have been complete without the legion of Eta Nu clowns (left) bearing balloons and flags for all the kids.

Members of the animal kingdom were recruited to join in the fun, including the miniature horses pictured above, and some hot-footed geese, right, who decided it was better to be carried than to walk. Below, the Moody and Fitzpatrick families brought up the rear with a comic contraption, in the spirit of the "Last in Line" tradition begun by the late Steve Moody and Keith Fitzpatrick. Fun events carried on throughout the day, including daredevil soapbox derby racers at far right.

The parade opened with the crowd reciting the Pledge of Allegiance, particularly poignant considering recent court controversy over the pledge. Also featured was a reading of the lyrics of Johnny Cash's "Ragged Old Flag."

Giving back

Boyer City Rotary Club president Mark Patrick recently presented Boyne District Library director Nannette Miller with the second \$2,500 check of a three-part donation promised by the service group to the library's endowment fund. Rotary also recently presented the second installment of a two-part commitment to Boyne Area Gymnastics. For more information on Rotary, call Patrick at 582-6829.

Jordan Valley District Library survey results target future needs

As part of the Jordan Valley District Library's five-year strategic planning, a recent phone survey provided valuable feedback for the library Board of Directors.

"It is very important that the interests and opinions of the community are taken into consideration as we look at the next five years," said Board president Chris Curtin. "We want to meet the needs of our growing community." Conducted by the WJ Schroer Company, a marketing and research consultancy firm based in Battle Creek, the survey included more than 300 residents in the library's service area.

According to Bill Schroer, author of the completed study, the library scored a 6.06 out of a 7.0 in terms of meeting the information and entertainment needs of the community. "That score is excellent, and is higher than the average of all libraries around the state for the same question."

Results of the survey also showed that the majority of those responding felt that the Jordan Valley District Library is a vital part of the community, and are satisfied with the environment, collection of books, and ser-

vice provided by staff.

Areas of weakness identified included the small size of the library and the fact that the majority of the library's users are accessing the library now more than they were five years ago. "How the library responds will be important as the growing community is likely to continue to increase its usage of the library based on current trends," Schroer said.

According to the study, the rate of usage of the library is above the state average, a fact that pleases library director Dawn Pringle. "The fact that people are checking out more mate-

rials and usage has increased suggests that we are responding to the community's needs," Pringle said.

The information gathered will be used by the board in the development of several objectives of the strategic plan, including programming with partners, increasing the use of volunteers, and better marketing strategies.

At the same time, according to Pringle, other groups are looking at ways to enhance the atmosphere of the library, and look at the addition of a coffee shop and a retail bookstore. For more information on library services, call 536-7131.

A series of five weekly sessions for those coping with a loss will be held from 6-7:30 p.m. on consecutive Tuesdays, from July 16 to Aug. 13, at the Charlevoix Area Hospital, 14700 Lake Shore Drive, Charlevoix.

The Grief Recovery program is designed to help those grow through grief, learn the five tasks of grief work.

Dr. Andrew Sahara will facilitate the sessions.

The program is sponsored by Hospice of Northwest Michigan (for-

merly the Charlevoix County Hospice), Northwest Michigan Community Health Agency, Charlevoix Area Hospital and Northern Michigan Community Mental Health Agency.

Festivals made fabulous by the hard work of volunteers

After a whirlwind week or so of freedom-related festivities, it's time to sit down and say some thanks.

First of all, to all the hard-working volunteers who gave of themselves not only during the Jordan Valley Freedom Festival and the Boyne City Fourth of July festivities but also countless hours in the months that precede and follow them, thank you. It's a nearly-thankless job, to be sure, foisted upon a handful of generous folks who truly are the backbone of these two trademark community events. Their months of hard work result in all of the rest of us enjoying the best parties of the summer, and making memories to last a lifetime in the process.

So thank you.

Thank you, also, to all the hardworking emergency service personnel, including East Jordan and Boyne City fire, ambulance, and police departments, as well as the Charlevoix County Sheriff's Department, DPWs and outlying township emergency crews. These are long days for all of these folks, who give up their own family time to see that the rest of us can enjoy festival fun in safety. It's a lot of work, and we all felt for those Boyne City firefighters and other emergency personnel who answered a fire call immediately following the grand finale of the Fourth of July fireworks on Thursday. They're a special group.

Thanks, too, to all the businesses, individuals, and organizations who supported these events financially. These community parties cost a lot of money, and every year, through fund-raising frenzies and some last-minute panics, somebody is able to dig just a little deeper into their pockets to keep the party going. For that, we're all grateful.

We are privileged to spend what little summer-time we're allotted here in northern Michigan celebrating so heartily our freedom as Americans, with such an abundance of family-friendly fun. In both East Jordan and Boyne City, we must remember that none of these things could take place without that small group of people who've poured their heart and soul into these events. Those groups, unfortunately, are growing smaller all the time as lives get busier and creative energies get used up.

The sad reality is, if others are not willing to take some of the burden, these grand festivals are in danger of falling to the wayside. One event, the Jordan Valley Freedom Festival Car Show, originally scheduled for later this month, has already been cancelled due to the simple lack of enough hands to keep the event living up to its reputation. According to East Jordan Chamber director Mary Faculak, the decision was made to cancel the event rather than have it go off half-done. In the future, she hopes, someone will take up the torch and give the car show the new life it deserves.

To continue any of these events, others must step up, bringing their own ideas and a little time. Funding, too, gets more scarce as time goes on, causing organizers more stress than they deserve; if you enjoyed the music and fireworks and the rest of the fun, donate a buck or two (or more!) and consider giving a few hours of time if you have it, to assure that the tradition of excellence can continue.

And remember, if you see any of the volunteers who put these things together year after year, most especially Ann Crick in East Jordan and Liz Kroondyk and Ann Parks in Boyne City, give them the great big pat on the back (and the support) they deserve.

Court ruling on Pledge was wake-up call to a 'smug America'

TO THE EDITOR:

The words by Pastor Russ Hager in A Pastor's Perspective - July 3, 2002 are true. I feel the court ruling on the Pledge of Allegiance woke up a smug America. The Ninth Circuit Court of Appeals shocked America when it said things no one thought they would ever hear.

The language of the court ruling brought an emotional reaction of shock to America. People wondered what it was they heard. What they heard was the deliberate rejection of God.

Let it be said that men have banned the Divinity from their presence; they have relegated Him to a sanctuary; the walls of His temple restrict his view; He does not exist outside of it.

If we say "under God" does it make the Pledge of Allegiance a prayer or is the wish to pray a prayer in itself?

Certain thoughts are prayers. There are moments when, whatever be the attitude of the body, the soul is on its knees. Let US bring up OUR children. It is not the place of some official to hand them their heritage. If others impart to our children our knowledge and ideals, they will lose all of us that is wordless and full of wonder.

As Abraham Lincoln said, "Let us have faith that right makes might, and in that faith, let us, to the end, dare to do our duty as we understand it."

To worship God is nothing other than to serve the people. It does not need rosaries, prayer carpets, or robes. All peoples are of the same body, created from one essence. If fate brings suffering to one member the others cannot stay at rest.

'Political correctness' at the heart of the Ninth Court ruling

TO THE EDITOR:

"...one nation under God, indivisible, with liberty and justice for all."

In order to find anything wrong with that, one would have to buy into the political correctness that the liberals running around loose in our country seem to endorse. It's the same political correctness they use in their attempt to abolish all mention of God in our public schools and public buildings, even as they happily accept the coins and bills of our nation, each piece proudly inscribed, "In God We Trust."

But won't the mere mention of God cause all sorts of stress among Muslims, Hindus, Buddhists and Shintos, not to mention the Atheists and other assorted sects? So what? We were here first and our nation was founded on values we still hold dear. Foremost among these is freedom! Which, ironically, includes freedom from religion as well as freedom to practice just about any religious rite one can dream of. Try to espouse either of those freedoms in a so called Islamic Republic and it's literally worth

your head!

But back to God and freedom as defined in America and most of the rest of the Western World. First and foremost, it comes from individual free-will as enumerated in the Judeo-Christian belief that man himself is able to distinguish right from evil, that his life is not pre-ordained and subject to fate.

This free-will concept extends into Western man's economic world and reaches culmination in the American model where more people enjoy more material choice, more opportunities for financial success and more chances for personal satisfaction than any place, any where at any time! And that's why we're admired by some, envied by many and hated by those unable to transcend a religion and culture that forbids personal freedom of choice. Our nation is free and our economy is strong because our Judeo-Christian God granted his people free-will! No other major religion makes that distinction.

"...one nation under God," You bet!

Thieves should have used their time to do something positive

TO THE EDITOR:

To the thieves who took the ornamental giraffe head from my bushes last week - congratulations you got it. You tried to take it the week before, but found it wired. So you came back a week later with wire cutters.

You took a flower box from my neighbor's porch to stand on, and cut the wires, which now had fish hooks

attached.

All of this took time and thought - done in the dark, when only deeds like this are done.

If only you had used all that time and thought that it took to do this for something good and thoughtful for someone - but I guess I don't think like you do.

I hope at least one of those fish hooks caught you.

Dog ordinance put damper on Fourth

TO THE EDITOR:

Small Town Feel, Home Town Appeal - Bull!

My wife and I attended the 4th of July parade with our four-pound dog, which was in a pooch pouch. After the parade, which was very nice as usual, we followed the crowds of people to the craft show in the park.

When we were out of the park near the Lake Street Bridge a police officer called my wife over to him and informed her that he had to issue her a ticket for having a dog in the park. He said no warnings would be given, just tickets.

We told him that we were unaware of the rule that dogs are not allowed in the park. He indicated that signs were posted. Where we entered and exited the park the signs are not visible. After locating one of the signs, which are high in the air, it says it is o.k. for dogs one time, but not o.k. for dogs sometimes?

Even though I was born and raised in Boyne City, I'm not in the habit of going to City Hall and reading all the ordinances. We understand that officer was just doing his job, but a four-pound pooch in a pouch who's tiny feet never touched the ground, COME ON!!!

If myself being a local got a \$100 fine for a pooch in a pouch how must the other 19 people who were ticketed feel about our small town feel-home town appeal!

On another subject: In the past I have always donated to the Fourth of July committee, but NO MORE! We have a newly renovated band shell that was not used for the bands in the park this Fourth of July. The committee RENTED stages instead. If they have this kind of money to waste they don't need my donations!

Rodger and Janet Smith

Fourth was great, but what about the bandshell?

TO THE EDITOR:

Fourth of July in Boyne, what a treat. The weather was awesome and everywhere you looked there were nothing but smiling faces. Again we thank the committee for all the hard work, time and effort they put into it. Everyone knows it is a huge undertaking and not a job that anyone could do, so when I make a few suggestions, it is only to offer help with next year.

First of all I could not understand why the bandshell was sitting all alone behind the bands that performed during the day. The fencing that was up could have easily been removed for loading and unloading of equipment, especially since there were cars parked all through the park as well as behind the bandshell until close to 5 p.m. Plus, the fact that the power cords they had to use were not strong enough to provide the power that was needed for the equipment used and caused more trouble; the fault was not with the power at the shell (which, by the way, passed inspection codes two years ago.)

It was truly a shame to see one of the best Fourth of July traditions dismissed due to a small inconvenience.

I hope the money spent on the rental of the portable stage (which has been notorious for being unsafe in large crowds) was not taken from dollars that were donated for the fireworks display.

Lastly, I would like to thank the Boyne City Police and Fire Departments who truly make the whole event. What would the parade be without the big red trucks and sirens, a sight that brings wide eyes to all the kids and maybe a cringe to some of the adults as the sirens sound (yeah, they are loud but that's what the kids love to see and hear - maybe not every child, but I would bet 99 percent.)

The police department did an outstanding job handling traffic, crowd control, and those who feel the best part of the Fourth is tossing a firecracker into the crowd to see who they can scare. (Which, by the way, caused the fire department to be called right after the show at 11:10 p.m.) And of course the infamous job of issuing tickets to those who brought dogs to the park. Which I'm sure will prompt many angry letters from those who were ticketed, but let's remember, the police did not write the ordinance, they were told just to enforce it.

But as with any large event things will come up, not everyone will be happy, so you do the best you can. As I said the overall day/night was great, the fireworks display was the best ever and I'm sure next year will be even better.

THE BOYNE CITY High School class of 1957 held its 45th reunion at Fall Park on Sunday, July 7. The 36 former classmates and spouses and friends enjoyed a catered dinner and much reminiscing. Some coming from a distance were Gary Coon and Richard May of Florida and Bob King of Ohio.

EARLY "CONGRATULATIONS!" go out to Bertha M. VanTil of Boyne City and Chuck Wielenga of Allendale, Mich. The happy couple will be married on Friday, July 12, 2002, at the New Beginnings Church in Boyne City. The ceremony will be officiated by her son-in-law, the Rev. Russ Hager and followed by a reception there. After a short honeymoon, the newlyweds will make Allendale their home.

A GREAT TIME of combining the Fourth of July and the "twins" July 3 birthday was once again enjoyed, at the Anderson Road home of Edna May, by all attending the cookout, cake

and ice cream, just being together and spectacular fireworks. All five of her children, their spouses, stepson, children, grandchildren, great-grandchildren and guests throughout the weekend numbered over 40. Among some were Bill Northup of Tampa; Rich and Marvyn May, of Sebring, Fla.; Deanna and Brian Wixom and children of Petoskey; and the five Christensen brothers, who were once our Lake Street neighbors, Bill, Bob, Tom, Dennis and Mark. OBITUARIES

Norman B. Lawton

Norman B. Lawton, 88, of East Jordan, noted industrialist, entrepreneur, environmentalist and beloved husband and father, died at home Saturday, June 29, 2002.

Memorial services for the family to celebrate his life were held at the Hill on Lake Charlevoix. In accordance with his wishes, cremation has taken place.

He was born Norman Ballard Lawton in Athol, Mass., on June 25, 1914, the oldest of four children of Howard and Lucy Mary (Farrington) Lawton. At an early age, he moved with his family to Detroit. Following graduation from Northwestern High School, he attended the University of Michigan, studying engineering for three years, and was a member of Theta Chi fraternity.

He was also a long distance runner, both in high school and college. With the outbreak of World War II, he returned to Detroit to work at the family business.

On March 9, 1938, he married Helen Virginia Shearer in Detroit, his high school sweetheart, and together they celebrated 63 years of marriage until her death in August, 2001. For 40 years, the couple resided in the Southfield/Farmington area, summering and vacationing in northern Michigan's Leelanau and Charlevoix counties, and eventually moved to the Lake Charlevoix area.

Norman assumed the presidency of Star Cutter Company in 1945 which had been started by his father, Howard and Frank Burgess in 1927.

Under his guidance and with a talented and dedicated team of employees, Star Cutter grew from 10 original employees to over 900 with plants in several states, becoming a world

leader in the machine cutting tool industry. He led his company the same way he and his wife Helen led their personal life and family: with tenacity, boundless energy and unrelenting determination, while offering extraordinary kindness to whomever needed guidance and direction. He left an indelible mark on the lives of many. His motto was "find a way or make one," and Norm "stormed" through life with that commitment.

He was known as a friend to the working man, not a boss, and he never asked anyone in his employ to do something he hadn't done or wouldn't do. He and his loyal staff pioneered countless machine tool manufactur-

ing practices and innovations, and patented technological advances that to this day produce sophisticated metal cutting tools. Over the years he was a member of many boards and organizations including the Metal Cutting Tool Institute, Farmington Exchange Club, and president of the Detroit Skating Club. He held a special appreciation for the environment and this state, protecting it through stream restoration, reforestation efforts and wildlife habitat improvements.

He is survived by five children, Marcia L. (David) Kalayjian of Durham, Conn.; Bradley L. (Nancy) Lawton of Traverse City; Dee L.

(Gregg) Smith of Traverse City; and Michelle L. (Todd) Swank of Littleton, Colo.; a sister, Dorothy L. Guilbert of Boyne City; nine grandchildren, Kristin, Kim, Kevin, Jeff, Bryan, Julie, Markelle, Joelle and Kendall; and 11 great-grandchildren.

He was preceded in death by his parents; his wife; sister, Vivian Stanley; and brother, Leonard Lawton; and one son, Gary L. Lawton.

Contributions may be made to the Norman B. Lawton Education Scholarship Fund through Star Cutter Company, P.O. Box 376, Farmington, MI 48332. Arrangements were handled by the Winchester Funeral Home, Charlevoix.

EVANGELINE TOWNSHIP COUNTY OF CHARLEVOIX ADOPTION OF LAKE ACCESS AND PARKS ORDINANCE

At a regular meeting of the Evangeline Township Board, held at Evangeline Town Hall on June 3, 2002, at 7:30 p.m., an Ordinance to regulate dangerous structure within Evangeline Township was adopted. The following is a synopsis of that ordinance:

EVANGELINE TOWNSHIP Lake Access and Parks Ordinance of 2002

AN ORDINANCE PURSUANT TO ACT 246 OF THE PUBLIC ACTS OF 1945, AS AMENDED, TO REGULATE ACTIVITIES ON ROAD ENDINGS THAT TERMINATE ON THE SHORELINE OF LAKES AND RIVERS, LAKE ACCESS SITES, AND PUBLIC PARKS WITHIN THE TOWNSHIP AND TO PROVIDE PENALTIES FOR VIOLATIONS OF THE ORDINANCE.

THE TOWNSHIP OF EVANGELINE ORDAINS:

Section 1. Title.

This Ordinance shall be known as the Evangeline Township Lake Access and Parks Ordinance.

Section 2. Purpose.

Based on the findings which have been made by the Evangeline Township Board, the purposes of this Ordinance are to protect and promote the public health, safety, and welfare of Township residents and to conserve and protect the inland lakes and rivers within the Township from pollution, destruction or impairment by regulating the use of road endings, public access sites, and township parks.

Section 3. Definitions. As used in this Ordinance,

(a) "Anchor" means the act of dropping a weighted object that is attached to a boat by means of a chain, cable, rope, or other device to the bottomland of a lake or river or the act of placing a weighted object on upland property for the purpose of preventing or restricting the motion of the boat to which it is attached.

(b) "Beach" means the act of pulling a boat on upland property or grounding a boat on the bottomlands for the purpose of preventing or restricting the motion of the boat.

(c) "Boat" means every description of watercraft used or capable of being used as a means of transportation on water, including personal watercraft and nonmotorized boats such as canoes, rowboats, and rafts. Boat, however, does not include an air mattress, paddleboard, paddleboat, boogie board, or similar device used by one (1) or two (2) persons for floating or paddling.

(d) "Bottomlands" means the land beneath the water of a lake or river that attaches to upland and riparian property by operation of law.

(e) "Decibel (dB)" means a unit of measuring the volume of sound, equal to twenty (20) times the logarithm of the base ten (10) of the ratio of the pressure of the sound measured to the reference pressure, which is twenty (20) micropascals (twenty (20) micronewtons per square meter).

(f) "Dock" means a pier, platform, or other structure extending from the shore or a lake or river over the water to which a boat is moored.

(g) "Hoist" means a mechanical device attached permanently or temporarily to the bottomland of a lake or river and used to raise or lift a boat out of the water for the purpose of preventing or restricting the motion of the boat.

(h) "Lake" means an inland lake or portion of an inland lake located within Evangeline Township.

(i) "Moor" or "Mooring" means the act of securing a boat to a buoy attached or anchored to the bottomlands of a lake or river by means of a chain, cable, rope, or other device for the purpose of preventing or restricting the motion of the boat.

(j) "Person" means an individual, firm, corporation, association, partnership, limited liability company, or other legal entity.

(k) "Public Access Site" means the non-road ending, riparian property owned by Evangeline Township, including its associated bottomlands, intended by the township to serve as a means for the public to gain access to the lake or river to which it abuts.

(l) "River" means a navigable and natural stream of water flowing in a definite course or channel within Evangeline Township.

(m) "Road ending" means a public road or way within Evangeline Township which terminates at the water's edge of a lake or river, including its associated bottomlands.

(n) "Sound level meter" means an instrument which includes a microphone, amplifier, RMS detector, integrator or time averager, output meter and weighing networks used to measure sound pressure levels and that meets the standards of ANSI S-14 1983, or its successor.

(o) "Township park" means property owned or controlled by the township that is open to the general public for recreational activities such as picnics and sunbathing.

(p) "Weighted sound level" means the sound pressure level in decibels as measured on a sound level meter using the A-weighting network. The level so read is designated dB(A) or dBA.

Section 4. Regulations. No person shall

(a) Construct, place, or maintain a dock, hoist, or mooring device on a road ending or public access site or within a township park, except as provided in this subsection. Evangeline Township may construct, place and maintain a nonexclusive dock on a road ending or public access site or within a township park to aid the general public in gaining access to the lake or river.

(b) Anchor, beach, or moor an unattended boat on a road ending or public access site or within a township park for more than five (5) consecutive hours, except in the case of an emergency, the mechanical breakdown of the boat, or as otherwise provided in this subsection.

(c) Use a road ending, public access site, or township park in any manner that:

(1) Unreasonably interferes with ingress and egress to the road ending, public access site, or township park or to the adjacent water.

(2) Causes or creates any loud noise or sound that endangers or injures the safety or health of humans or animals or that annoys or disturbs a reasonable person of normal sensitivities, including but not limited to:

(A) Playing or using a radio, phonograph, compact disc player, tape player, television, musical instrument, sound amplifier, or other electronic or mechanical sound-producing device in such a manner or with such volume so as to disturb the quiet, comfort or repose of a reasonable person of normal sensitivities.

(B) yelling, shouting, hooting, singing, or making other noise that because of its volume, frequency, or shrillness unreasonably disturbs the quiet, comfort or repose of a reasonable person of normal sensitivities.

(C) Sounding or using any horn; siren, whistle, bell or other warning device on a boat so as to unreasonably disturb the quiet, comfort or repose of another person, unless the sounding or use of such horn, siren, whistle, bell or other warning device is authorized by state or Federal law and necessary to the safe operation of the boat.

(D) Making any noise exceeding 60 db(A), weighted sound level, as measured by a sound level meter from the nearest shoreline between the hours of 11 p.m. and 5 a.m. Evidence that such noise disturbs the comfort, quiet and repose of reasonable persons to normal sensitivities in the area. However, excluding personal watercraft, this subsection shall not be applied to the noise created by the motor of a boat during the operation of that boat.

(3) Causes littering on the road ending, public access site, township park, or adjoining property.

(4) Results in trespassing on adjoining property.

(5) Unreasonably interferes with the use and enjoyment of adjacent and shoreline properties.

(6) Creates any other nuisance condition.

(d) Drive or back a trailer into the water at a road ending, public access site, or township park for the purpose of launching a boat into the lake or river, unless the Township designates that road ending, public access site, or township park as an official boat launching site.

(e) Camp on a road ending, public access site, or township park at any time.

(f) Start, use, or maintain a campfire, bonfire, or other recreational fire on a road ending, public access site, or township park at any time, except within an approved device installed by the Township.

(i) Pets are permit and shall be leashed and under the owners direct control at all times.

Section 5. Removal of Boat; Report of Emergency or Mechanical Breakdown.

If an unattended boat is anchored, beached or moored greater than five (5) consecutive hours as prohibited in Section 4(b) above, that boat must be removed from the road ending, public access site, or township park in the shortest time necessary to end the emergency or mechanical breakdown. If the boat is not removed within twenty-four (24) hours, the owner or operator of the boat shall report the emergency or mechanical breakdown to the Charlevoix County Sheriff's Department.

Section 6. Violations and Penalties.

(a) Any person who violates any provision of this Ordinance, except Section 4(g), shall be responsible for a municipal civil infraction as defined in Public Act 12 of 1994, amending Public Act 236 of 1961, being Sections 600.101-600.9939 or Michigan Compiled Laws, and shall be subject to the following fines:

EVANGELINE TOWNSHIP
COUNTY OF CHARLEVOIX
ADOPTION OF
DANGEROUS STRUCTURES ORDINANCE

At a regular meeting of the Evangeline Township Board, held at Evangeline Town Hall on June 3, 2002, at 7:30 p.m., an Ordinance to regulate dangerous structure within Evangeline Township was adopted. The following is a synopsis of that ordinance

EVANGELINE TOWNSHIP
DANGEROUS STRUCTURES ORDINANCE of 2002

THE EVANGELINE TOWNSHIP ORDAINS:

Section 1. (Dangerous Structure) Defined.

As used in this Ordinance a (dangerous structure) means a building or structure that has one (1) or more of the following defects or is in one (1) or more of the following conditions:

(a). A portion of the building or structure is damaged by fire, wind, flood, or other cause so that the structural strength or stability of the building or structure is appreciably less than it was before the catastrophe and does not meet the minimum requirements of the building code enforced within the Township for a new building or structure.

(b). A part of the building or structure is likely to fall, become detached or dislodged, or collapse and injure persons or damage property.

(c). A portion of the building or structure has settled to such an extent that walls or other structural portions of the building or structure have materially less resistance to wind than is required in the case of new construction by the building code enforced within the Township.

(d). The building or structure, or a part of the building or structure, because of dilapidation, deterioration, decay, faulty construction, or the removal or movement of some portion of the ground necessary for the support, or for other reasons, is likely to partially or completely collapse, or some portion of the foundation or underpinning of the building or structure is likely to fail or give way.

(e). The building, structure, or a part of the building or structure is manifestly unsafe for the purpose for which it is used.

(f). The building or structure is damaged by fire, wind, or flood, or is dilapidated or deteriorated and has become an attractive nuisance to children who might play in the building or structure to their danger.

(g). The building or structure is vacant, dilapidated, and opened at door or window, leaving the interior of the building exposed to the elements or accessible to entrance by trespassers.

Section 2. Prohibition.

No person, corporation or business organization shall own, occupy or maintain any dangerous structure within the Township.

Section 3. Notice.

If a building or structure is found to be a dangerous structure, the Township shall give the owner of the building or structure written notice of the dangerous condition and thirty (30) days to demolish and remove the dangerous structure from the property or to repair the dangerous structure to make it safe. The notice may be personally delivered to the owner or mailed to the owner by first class mail at the address shown on the assessor's rolls.

Section 4. Inspection.

Township representatives shall have the right to inspect buildings or structures to determine violations of or compliance with this Ordinance. Township representatives may exercise this right to inspection by consent of the person having the right to possession of the building or structure or any part thereof, or by administrative search warrant.

Section 5. Penalty/Civil Infraction.

Any person who shall violate any provision of this Ordinance shall be guilty of a municipal civil infraction as defined in Public Act 12 of 1994, amending Public Act 236 of 1961, being Sections 600.101-600.9939 of Michigan Compiled Laws, and shall be subject to a fine of not more than Five Hundred and 00/100 (\$500.00) Dollars. Each day this Ordinance is violated shall be considered as a separate violation.

Section 6. Enforcement.

The Township Enforcement Officer is hereby designated as the authorized Township official to issue municipal civil infraction citations directing alleged violators of this Ordinance to appear in court.

Section 7. Nuisance.

A violation of this Ordinance is hereby declared to be a public nuisance or a nuisance per se and is declared to be offensive to the public health, safety and welfare.

Section 8. Injunctive Relief.

In addition to enforcing this Ordinance through the use of a municipal civil infraction proceeding, the Township may initiate proceedings in the Circuit Court to abate or eliminate the nuisance per se or any other violation of this Ordinance.

Section 9. Abatement by Township.

If a Court of competent jurisdiction finds the owner or occupant of a building or structure in violation of this Ordinance, the Court, in addition to ordering the owner or occupant to demolish the dangerous structure and remove it from the property or to repair the dangerous structure to make it safe, may authorize the Township to demolish the dangerous structure and remove it from the property or to repair the dangerous structure to make it safe. The Court, however, shall not authorize the Township to demolish the dangerous structure if the cost of repairing the building or structure to a safe condition is less than the state equalized value for the building or structure.

Section 10. Cost Recovery; Lien.

(a). The costs incurred by the Township in demolishing the dangerous structure and removing it from the property or repairing the dangerous structure to a safe condition, including reasonable attorney fees, shall be reimburse to the Township by the owner or party in interest in whose name the property appears.

(b). The owner or party in interest in whose name the property appears upon the last local tax assessment roll shall be notified by the assessor of the amount of the costs of the demolition or repair of the dangerous structure by first-class mail at the address shown on the records. If the owner or party in interest fails to pay the costs within thirty (30) days after mailing by the assessor of the notice of the amount of the costs, the Township shall have a lien for the costs incurred by the Township to bring the property into compliance with this Ordinance. The lien shall not take effect until notice of the lien has been filed or recorded as provided by law. The lien provided for in this subsection does not have priority over previously filed or recorded liens and encumbrances. The lien for the costs shall be collected and treated in the same manner as provided for property tax liens under the state General Property Tax Act.

Section 11. Validity.

If any section, provision or clause of this Ordinance or the application thereof to any person or circumstances is held invalid, such invalidity shall not effect any remaining portions or application of this Ordinance, which can be given effect without the invalid portion or application.

Section 12. Effective Date.

This Ordinance shall become effective thirty (30) days after being published in a newspaper of general circulation within the township.

"Garbage" does not include one (1) compost pile consisting of decaying organic substances intended for fertilizing land; provided, however, that the compost pile is no larger than five feet (5') square and is located on the property so that it cannot be seen from any public highway or seen from any adjoining land owned by another person.

(e) "Harass" means the use of any personally abusive epithets, words, language, or conduct of an offensive nature, which when addressed to or directed at a reasonable person, are likely to provoke a reaction of fear, anger, or apprehension.

(f) "Harbor or harboring" means providing food and/or shelter to any animal for any period of time in excess of twelve (12) hours or being in charge or control of any animal under any written or verbal agreement with the animal's owner.

(j) "Motor vehicle" means every vehicle which is designed to be self-propelled

(k) "Owner of a cat or dog" means any person or persons owning or harboring a cat or dog. Any person who harbors a cat or dog on or about property owned or occupied by that person for a period of five (5) days shall be deemed the owner of such animal.

(l) "Person" means an individual, firm, corporation, association, partnership, limited liability company, or other legal entity.

(m) "Rubbish" means nonperishable solid wastes including ashes, paper, cardboard, metal containers, glass, bedding, crockery, bags, rags, and demolished materials.

(q) "Vehicle" means every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, and specifically includes bicycles and tricycles.

Section 2. Nuisances. The following are hereby declared to be nuisances:

(a) The keeping or storage of building materials outside on private property six (6) months after an occupancy permit is issued by the Charlevoix County Building Department. This subsection, however, shall not apply to building materials kept or stored outside on private property if the building material is kept or stored in an orderly fashion. As used in this subsection, the phrase "building material kept or stored in an orderly fashion" shall mean that all building material of the same type, including but not limited to lumber (both stick and sheet wood), cement blocks, bricks, roofing material, and siding shall be kept or stored together and not kept or stored intermingled with building material of a different type and shall be stacked in an organized fashion customary for that type of building material. By way of example and not limitation, stick lumber shall be piled with all sticks substantially parallel to one another, sheet wood shall be piled one on top of another with the area of one sheet covering as much as possible the area of the sheet beneath it, cement blocks and bricks shall be stacked in the shape of a cube in such a manner that they will not fall off the stack, and siding shall be piled with each piece substantially parallel to one another.

(b) The keeping or storage of ashes, junk, garbage or rubbish outside of a totally enclosed structure on private property except in a sealed container designed for the purpose of holding such ashes, junk, garbage, or rubbish.

(c) The placing of ashes, junk, garbage or rubbish on private property without the owner's permission or on public property. This provision applies regardless of whether the ashes, junk, garbage or rubbish is in a sealed container.

(e) Intentional depositing of liquid petroleum crude oil, liquid petroleum crude oil by-products and derivatives or liquid industrial wastes on the ground.

(f) The existence of any vacant building, garage, house or outbuilding unless such structure is kept secure from entry by the public.

(g) The distributing, placing, posting, or affixing of posters, notices, or handbills on private property without consent of the owner or occupant except as authorized or required by law.

(h) The outdoor burning of building materials, garbage, junk, or rubbish either on the ground or in a burn barrel.

(i) Being the owner of a cat or dog, to permit or to allow another person to permit his or her cat or dog to do any of the following:

1. To run at large within the Township.

2. To trespass upon another person's real property or to in any manner injure or destroy any real or personal property belonging to another person, including but not limited to breaking or tearing open any garbage bag containing garbage or rubbish awaiting pickup or otherwise spreading garbage or rubbish on another person's property.

For purposes of this subsection, "habitual" means whining, yelping, barking, howling, or making other sounds common to its species on three (3) or more occasions separated by at least one (1) hour within a one (1) week period.

HEALTH TIPS FROM MEDICAP PHARMACY

PROTECT YOUR SKIN IN THE SUN

Most of the skin cancers diagnosed in the U.S. are thought to be sun-related. Children and those with a family history of skin cancer need to be especially careful in the sun. Sunscreen should only be used on adults and children 6 months or older. Younger infants should be kept in the shade. Sunscreens can lose effectiveness over time, so discard products that are over two years old. Taking medications may also increase your sensitivity to the sun. Check with your doctor or pharmacist about the drugs you are taking.
